

Enrollment Reports

Title	Description
Enrollment Demographics	Provides a comprehensive and filterable view of student enrollment in a school by; School Year, District, School, Category (Disability, ED, LEP, Gender, Grade, Migrant, Race)
Student Enrollment List	Provides a comprehensive and filterable list of students enrolled in a school by; School Year, District, School, Category (Disability, ED, LEP, Gender, Grade, Migrant, Race)
Student Profile	Provides demographic information, enrollment history, assessment results, and more for an individual student.
Withdrawal Reason Analysis	Provides the number of student withdrawals, the reason for withdrawal, and a filterable view of student withdrawals by; School Year, District, School, Category (Disability, ED, LEP, Gender, Grade, Migrant, Race)
Student Withdrawal List	Provides a list of students who withdrew, the reason why, and a filterable view of these students by; School Year, District, School, Category (Disability, ED, LEP, Gender, Grade, Migrant, Race)
Mobility Report	Provides a list of current students who were mobile during the selected school year. Aggregate counts appear on the first page with a student list on subsequent pages.
Fall Enrollment Census Count-Student	Provides a list of students who were enrolled on the last Friday in September and whether or not they counted in the Census Count. Unlike other reports, this information will not change as it is a snapshot of data. NOTE: This count will NOT match State Aid calculations as each has different business rules.
Fall Enrollment Census Count-Aggregate	Provides aggregate census counts of students who were enrolled on the last Friday in September by grade, race, gender, economically disadvantaged, and English Language Learners. Unlike other reports, this information will not change as it is a snapshot of data.
McKinney-Vento Student Count	Provides a list of currently enrolled students who have been flagged as being homeless at any point during the year. Basic demographics as well as state assessment scores are also shown.
Special Education Trend	Provides aggregate counts of current students who are in Special Education. Users can select particular demographics (race, gender, grade, LEP) as well as special ed program, special ed category, and primary disability.

Assessment Reports

Title	Description
Achievement Cut Score	Provides a list of students who completed the State assessment(s) and their distance from each proficiency band. This report identifies the "bubble students."
ACT Stoplight	Includes analysis on ACT results for the school/district as well as a list of students who took the ACT and their results by subject.
Assessment Details Results	Provides a list of students who took the State assessment and their levels of proficiency in the Math, Reading, and Science strands and claims. This report is filterable by District, School, current grade, and prior assessment years which allow you to see historical results for the students in a current grade.
Student Longitudinal Achievement	Provides historical results on the State assessment for current students. Each record includes proficiency level by strand or claim. This report is filterable by District, School, Grade Level, and Subject (ELA, Math, Science).
Student Achievement Roster	Provides a list of current students and their historical results on the State assessment including proficiency level and scale score in Math, ELA, and Science. This report is filterable by School Year, District, School, Grade, Subject, and Gap/Non-Gap.
Assessment Feedback Report	Provides a student list, aggregate results by claims/indicator, and aggregate results by performance levels. Instead of looking at currently enrolled students and their historical results, this report looks at the results of past students who were enrolled at the end of the selected year. NOTE: Due to Smarter Balanced Pilot, few if any students will show if selecting 2013-14.
Access Test Takers	Provides a list of students who took the ACCESS assessment, including demographics, attendance, first year in country flag, considered proficient in ACCESS flag, and state assessment results. It is filterable by school year, district, school, and grade level.

Local Assessment Reports

Title	Description
Subtest Student List	Compares DIBELS and AIMSweb results, including performance level and scores, with student demographics, attendance, and Smarter Balanced claim performance for current students. Results are broken down by grade, test, and subject, with each testing period reported.
Student Longitudinal Overall	Provides historical results on DIBELS and AIMSweb assessments for current students. There is one row per student per subtest; therefore, students will appear on multiple rows. Each record includes performance level by subtest with hover over to view scores. Results are broken down by grade, test, and subject with each testing period reported.
Student Performance Comparison	Compares student performance on the state assessment and DIBELS with student demographics and attendance. Results are broken down by grade and test. Users can select different years for each of the performance areas.
Aggregate Proficiency	Provides aggregate counts and percentages of students who met each proficiency level for DIBELS/AIMSweb.
Aggregate Proficiency School List	Shows a list of schools and the school's aggregate counts and percentages by proficiency level for each DIBELS/AIMSweb benchmark period.
Aggregate Growth	Shows how students who started at the same level moved in a single year throughout the benchmark periods for DIBELS/AIMSweb.
Cohort Progress	Shows changes in proficiency for the select cohort of students over benchmark periods and years.

Attendance Reports

Title	Description
Attendance Demographics	Provides a comprehensive and filterable view of student attendance in a school by; School Year, District, School, Category (Disability, ED, LEP, Gender, Grade, Migrant, Race).
Student Attendance List	Provides a comprehensive and filterable list of students enrolled in a school with their attendance. It is filterable by School Year, District, School, and Category (Disability, LEP, Gender, Grade, Race).

CTE Reports

Title	Description
CTE Biennial Review-Career Cluster	Compares enrollment in selected CTE Clusters by gender, disability, and race subgroups over time.
CTE Biennial Review-Enrollment	Compares total school enrollment in CTE enrollment, in gender, disability, and race categories and identifies groups who disproportionately participate or don't participate in CTE programs.
Dual Credit Course Enrollment	Provides number of course enrollments in different groups of students over a set number of years. It is filterable by various demographics, grade, institution, subject, courses, and more.
Dual Credit Student Participation	Provides number of students participating in dual credit courses in different groups of students over a set number of years. It is filterable by various demographics, grade, institution, and more.
Dual Credit Average Credits	Provides the average number of dual credits taken per student in different groups of students over a set number of years. It is filterable by various demographics, grade, institution, and more.
Dual Credit Pass Rate	Provides the course pass rate percentage in different groups of students over a set number of years. It is filterable by various demographics, grade, institution, subject, courses, and more.

Early Warning Report

Title	Description
Early Warning	Provides a list of students who are currently enrolled in high school and characteristics which could make them vulnerable to dropping out of HS.

Special Education Reports

Title	Description
Special Education Exiter	Provides a list of students who exited special education. It helps identify data quality concerns if the exit code from enrollment is different from the exit codes from special education. It also can be used to fulfill reporting requirements.
SPED Accountability Student List	Provides a list of students who are in special education and their participation and performance on the state assessment as measured for Accountability.
SPED Participation Rate	Provides aggregate counts by grade of special education students who participate in the state assessment as measured for Accountability.
SPED Proficiency Rate	Provides aggregate counts by grade of special education students who were proficient on the state assessment as measured for Accountability.
SPED Performance Plan	Provides results for the Statewide Special Education Performance Plan for participation and proficiency on the state assessment as measured for Accountability.

Accountability Reports

SPI Details Panorama	Shows all indicators calculated for accountability by school.
Proficiency by Grade	Provides student proficiency by grade and gives the user options to look at proficiency status, proficiency levels, specific grades, specific school/district, subgroups, and if FAY should be applied. Suppressed version is available.
AMO Performance Trends	Provides analysis on AMOs for schools/districts over time. In addition, AMO Performance Trends can be broken down by all Accountability subgroups and tested subjects. The report can also incorporate suppression for subgroups smaller than 10 students.
Public AMO Report	Breaks down Annual Measurable Objectives (AMOs) for all subgroups. AMOs for subgroups less than 10 have been suppressed.
Historical Indicator Performance	Shows school performance for all Accountability indicators over 3 years.
Student Level Report-Projected FAY	Provides a list of students who are currently enrolled in the school and whether or not they will be considered Full Academic Year (FAY) by the end of the testing window.
